

GoMix Radio; Leadership Structure

Pathway Ministries is committed to a "team" approach to planning, decision-making, and implementation of the ministry's goals. The leadership teams of Pathway are designed to fill the following specific roles:

BOARD OF DIRECTORS: Their role "Protection"

An active, involved Board, comprised of Godly, capable individuals whose lives give evidence of God-given wisdom and a genuine and proven desire to glorify Jesus Christ.

BOARD OF ADVISORS: Their role "Consultation"

This Board includes a broad spectrum of business and professional individuals; including Pastors, and para-church leaders, who provide counsel and assistance in helping to define the ministry's plans and purpose.

EXECUTIVE STAFF: Their role "Direction"

A dedicated group of GoMix staff members who are devoting their lives to the cause of serving our Lord through the ministry of radio. These missionary individuals assume responsibility for the day by day operation of the ministry. Their faithful walk with God, scope of responsibility, and extended years of service and experience, enable them to seek the Lord for the overall direction for the ministry.

Financial Philosophy

GoMix Christian Radio is an independent, non-denominational faith ministry. It is not underwritten by any denomination or foundation, but trusts God to provide through the giving of those who share our burden and vision for this work.

We will not utilize high-pressure fundraising techniques, but we do exercise the freedom to communicate our financial needs with interested parties. Scheduled share-a-thon's, mail solicitations, personal and business contacts may be made as a part of our financial strategy. However, we believe it is God's role to prompt those individuals to give. They should not be coerced into giving by our insistence or pressure.

We will not practice deficit spending. From time to time capital funds may be borrowed for long-term improvements. However, the day by day operations must be accomplished within a funds-on-hand policy.

We are committed to the highest possible level of financial integrity and accountability. We shall operate under a set of comprehensive Christian and business standards insuring the highest in internal controls. An annual report and a detailed explanation of our financial policies are available upon request.
